New Business

The AIPA Sign Committee, headed up by AIPA Board member Marc Roy, has come up with an initial design and will now begin to obtain hard quotes for submission to the Town of Avon to begin bidding and implementation. The committee engaged Sign Designs of Brockton for design services. Changes may still be made by the Town itself but the committee did a wonderful job narrowing down design using the existing foundations and posts with updates to modernize and stream line signs at each end of Bodwell Street.
