New Business

Attn: Manufacturers, please see forwarded information re: The Southeast Advanced Manufacturing Consortium (SAMC) at the bottom of this email.

A member has asked for support in getting Doherty Ave. repaved/repared, if you happen to know or see anyone from the Town of Avon DPW or other department who can help facilitate road repairs please offer a word of support for this project. Numerous flat tires have been reported from clients, employees, vendors and guests. The AIPA President, Bob Costa, has forwarded the complaint to the Avon DPW in the hopes it will addressed as soon as possible.

Planting season is creeping up quickly after such a mild winter! If you are able, please donate for the AIPA's beautification initiative with the flower beds at each end of Bodwell Street. Donations can be forwarded to Howard Davis c/o Unitel, Inc., 145 Bodwell Street, Avon, MA 02322.

Contributions for the newsletter or ideas for the AIPA are encouraged and welcome through the AIPA website comments page or by contacting any board member! <http://www.avonindustrialpark.org/contact-us/>

Did you know the State has put significant \$\$\$ into supportive services for manufacturers in the Southeast region?

The Southeast Advanced Manufacturing Consortium (SAMC) is a collaboration among industry, academia, and government that was created to implement the Commonwealth's advanced manufacturing strategy within the Southeast region of Massachusetts.

The SAMC is a group of businesses who meet periodically to share ideas about solving the "pain points" and "how can we motivate and help our employees become more productive"? Our goal for the SAMC is to grow and build a network that is committed to identifying common challenges and seeking solutions through **active membership participation**.

Join us (at no cost) to discover how your company can receive assistance with the cost of hiring and training new employees, current employees or the many other opportunities available.
